Sumter County
Land Development Code Update
Public Workshop Summary

WORKSHOP INFORMATION

Date and Time: Wednesday, August 28, 2024, from 5 to 7 pm

Venue: Wildwood Community Center (6500 Powell Rd, Wildwood, FL 34785)

PRESENTATION SUMMARY

Mr. Bradley Arnold, Sumter County Administrator, opened the workshop by thanking audience members for their attendance and introducing Pat Tyjeski, Inspire Project Manager. After the introduction, Pat started the PowerPoint presentation (see attached) which began with a description of the project scope and public input received through the online survey.

Pat then identified the major changes made to the draft which include reorganizing, updated the definitions article, removing two zoning districts, consolidating the planned unit development (PUD) districts into a single PUD district, adding NAICS codes to the table of uses, and including cross-references to additional standards in the use table. The full list of the major changes is detailed in the attached PowerPoint presentation.

Once the overview concluded, workshop attendees were invited to review and provide their input on the draft LDC by participating in the activity programmed for the evening. Pat relayed to attendees that their input would be considered as we revise the LDC before issuing the next draft.

SCAN ME

Pat mentioned that a draft of the LDCC will be available on the project website (tinyurl.com/SumterLDCUpdate – see QR code) soon, which will also include an opportunity to provide additional input online.

Finally, Pat concluded the presentation by soliciting questions from the audience regarding any information presented in the PowerPoint.

WORKSHOP ACTIVITIES

The workshop activity provided attendees a chance to review some of the major LDC changes being proposed. The activity was split amongst four stations, with each station highlighting a section of the code being changed. At each station, attendees were encouraged to review the proposed amendments and provide their input. A description of each station is provided below:

Reorganization / Table of Contents. The *first station* showed the current and proposed outlines of the Land Development Code.

Residential & Non-Residential Districts Dimensional Standards. The *second station* detailed the changes to the dimensional standards applicable to the residential and non-residential districts.

Zoning Districts and Uses. The *third station*, which consisted of four boards, highlighted the zoning districts proposed to be eliminated, the use category wording changes, uses being added or deleted from certain districts, NAICS codes, and cross-references to additional standards applicable to some uses.

Lineal Descent & Joint Ownership Subdivisions. The *fourth station* provided the existing and proposed language applicable to Lineal Descent Subdivisions and showed that the Joint Ownership provisions are proposed to be deleted.

PUBLIC INPUT SUMMARY

Public sentiment regarding the changes proposed in the first draft of the LDC were largely positive. A few citizens brought up some issues with the County's current zoning regulations and some asked for clarifications. The requested revisions to the draft FBC provided during the workshop are listed below.

- Restrict semi-trailer parking on residential sites comprising one acre or less. The project team mentioned that the code is being updated to require commercial vehicles to be parked on a driveway and the owner be in possession of a commercial vehicle driver's license.
- Another participant asked about the 5-foot landscaping strip between uses and felt it was not wide enough to buffer incompatible uses. The project team clarified that the 5-foot strip is for

uses that do not require a buffer between them. Uses would still need to meet the buffer requirements.

- A resident noted that the tree preservation ordinance needed an update as replacement trees are not adequate when replacing old oak trees.
- Need to expand duplex dwellings as a permitted use, if the density allows it.
- Someone asked if there was a better term for "fowl," so it is clear what it includes.
- Need to broaden the definition of homestead to allow a parcel connected to the homestead property to be eligible for the lineal descent subdivision.

WORKSHOP ATTENDEES

Sumter County

1. Bradley Arnold, County Administrator
2. Jeff Bogue, Commissioner
3. Kristy Russel, Economic Development Director

Inspire Placemaking Collective

4. Pat Tyjeski, Project Manager
5. Eric Raasch, Principal
6. Gabriela Castro, Planner

Participants

7. Mildred Milligan
8. Yoma Isaac
9. Roxann Read
10. Jim Wade
11. Kathleen Ortiz-Ranken
12. Amy Bogue
13. David Rodriguez
14. Scout Eveleth
15. Randy Thompson
16. Gerard Corbin
17. Tina Bruto
18. Brenda Chrisman
19. Morgan Wilson
20. Tandy Eveleth
21. Jeannette Viey

SUMTER
LAND DEVELOPMENT CODE
COUNTY
Initial Input

LDC UPDATE – STAFF INPUT

1. What currently *works well* within the LDC? What currently *works poorly*?
2. How do you think residents feel about recently built developments?
3. What is the *public's* perception of the development review process? What is the perception from *developers*?
4. What, if any, are the most common complaints about the LDC? Do you agree/disagree?
5. Do you feel the County has a high volume of variance requests? If so, what are the most common variances requested?
6. Do you feel that natural resources are sufficiently protected from new development?

LDC UPDATE - MATRIX

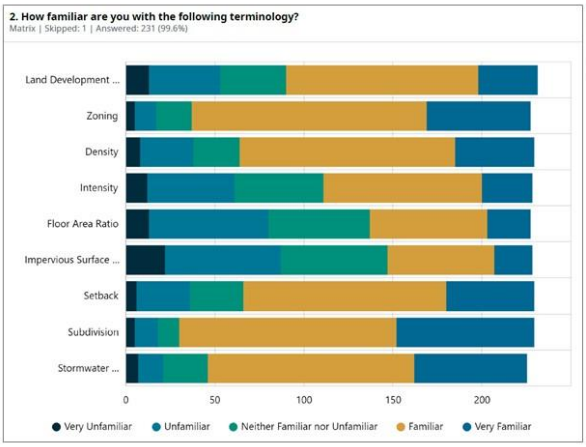

Section	Inspire Comment	Staff Response
General Comments – Conservation Subdivision Standards	Propose combining Division 3, Division 4, and Division 5, and reorganize the proposed division to address nonconforming Lots, Structures, and Uses separately.	We have some codes we will send under separate cover
Article III. Administration – Section 13-350(b)(1)(a) & (b) – Lots in a Minor Subdivision	This is a simple fix to update the numbers. However, we will also need to update Sec. 13-312(b)(1) that also calls out up to five lots as minor. Will also need to updated Sec. 13-312(c)(1)a that defines major development.	NC
Article IV. Zoning – Section 13-422 – Class A Mobile Homes	Fix table to allow mobile homes in R2C, R4C, and R6C.	Class A mobile homes in R2C, R4C & R6C (see notes in Number 20)
Article VI. Accessory, Temporary, and Specific Use Standards – Section 13-634 – setback standards	The 2019 draft proposes taking applications to the PZSM. Recommend creating a different category – Pet Day Care and making it P in certain commercial districts.	I am ok with that, we need to think about allowing chickens on 1 ac tracts.

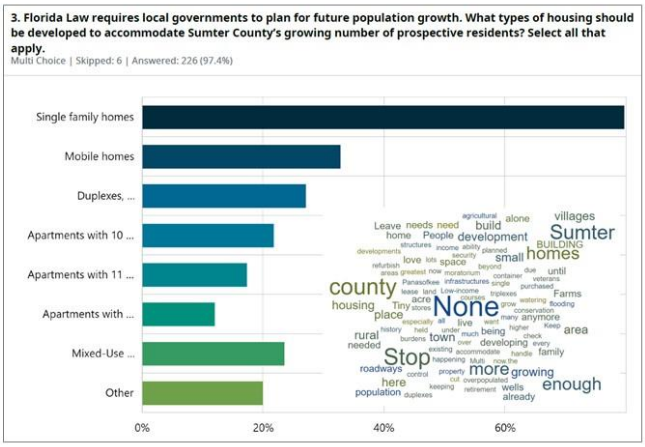

LDC UPDATE – ONLINE SURVEY

LDC UPDATE - ONLINE SURVEY

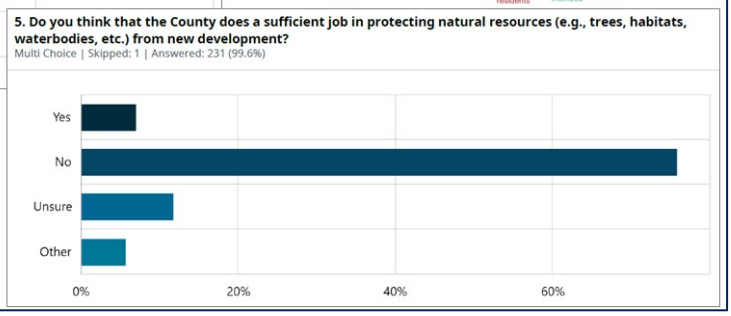

LDC UPDATE - ONLINE SURVEY

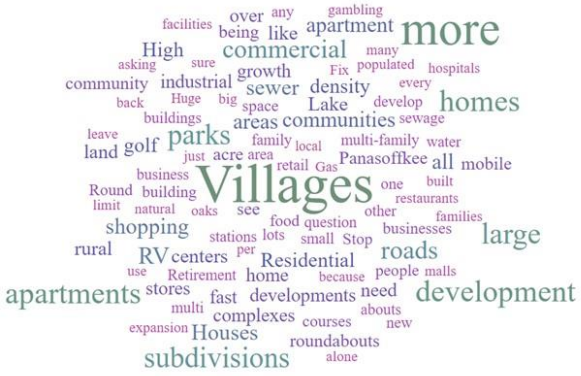

LDC UPDATE - ONLINE SURVEY

How can the County ensure that new growth occurs in a manner which retains what you feel makes Sumter County an ideal place to live, work, play, and grow?

What uses would you like to see developed less often within the County moving forward? Please provide up to three answers.

PROPOSED

Article I.	General Provisions
Article II.	Definitions
Article III.	Administration
Article IV.	Zoning
Article V.	Accessory, Temporary, and Specific Use Standards
Article VI.	Access, Circulation, Parking
Article VII.	Development, Design, and Utilities
Article VIIII.	Landscaping Standards
Article IX.	Resource Protection Standards
Article X.	Sign Standards
Article XI.	Floodplain Management

MAJOR CHANGES — Art. I

ARTICLE I. GENERAL PROVISIONS

Contents:

Division 1. General

Division 2. Abrogation and Severability

Division 3. Vesting and Nonconforming Situations

Division 4. Eminent Domain Lots

Major Changes:

- "Director" changed "County Administrator or designee"
- Cleaned up the non-conforming section to address lots, uses, and structures

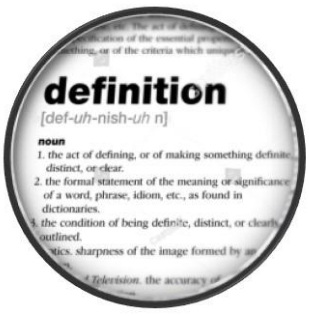

MAJOR CHANGES — Art. II

ARTICLE II. DEFINITIONS

Contents:

Section 13-200. Definitions

Section 13-201. Abbreviations

Major Changes:

- Deleted terms not used in the LDC
- Moved standards out of definitions
- Incorporated Section 13-201, Abbreviations
- Added or updated definitions for:
  - Alcoholic beverage establishment
  - Assisted living facility
  - Boathouse
  - Bond or irrevocable letter of credit
  - Business service
  - Campground
  - Density or gross density for hotels/motels and ALFs
  - Dwelling unit – clarified "kitchen"
  - Family day care home
  - Flag lot
  - Hardscape
  - Imperiled Species
  - Livestock
  - Lot front
  - Personal services
  - Road setback – clarified measurements

MAJOR CHANGES — Art. III

ARTICLE III. ADMINISTRATION

Contents:

Division 1. Approving Authorities

Division 2. Development Approval Process

Division 3. LDC and Zoning Map Amendments

Division 4. Use Permits

Division 5. Development Permits

Division 6. Subdivision Procedures

Division 7. Appeals and Variances

Division 8. Concurrency Management

Major Changes:

- Provided for development review fee refunds
- Changed from 90 days to 12 months the time when a denied application can be resubmitted.
- Deleted "Conceptual Plan" from Table 13-313A as the term is not used in the LDC
- Cleaned up review criteria for various applications
- Specified the number of extensions allowed for use permits (two 1-year extensions)
- Eliminated categories for Change of Occupancy Permit
- Allow de minimis code deviations
- Restored previous code provision allowing split of large rural lots without platting (10-ac min)
- Clarified that Preliminary Plat review is optional

MAJOR CHANGES — Art. IV

ARTICLE IV. ZONING

Contents:

Division 1. Generally

Division 2. Zoning Districts

District 3. Planned Unit Development District

District 4. Overlay Zones

Major Changes:

- Lot with split zoning – changed to largest shall prevail
- Revised Table 13-41A, Future Land Use and Zoning District Correlation

- **Eliminated** AC (not used) and REC zoning districts. REC combined with PIE
- **Consolidated** planned development districts (MPD, RRPUD, RVPUD, CP, and IP) into a single PUD district.
- Established setback from water bodies (15' min.)
- Clarified lineal descent subdivision standards
- Eliminated joint ownership provisions
- Clarified lot front (shortest distance along road)
- Eliminated option to use smallest setback within 1,000 feet.
- Eliminated minimum **living area** standards
- Added 2 columns to table of uses – cross-reference to standards and NAICS code

MAJOR CHANGES — Art. V

ARTICLE V. ACCESSORY, TEMPORARY, AND SPECIFIC USE STANDARDS

Contents:

Division 1. General
Division 2. Accessory Use & Structures
Division 3. Temporary Uses and Structures
Division 4. Specific Use Standards

Major Changes:

- Clarifies there is no limit to the number of accessory units in **agricultural and rural** residential districts
- Clarifies there is a limit of **3** accessory uses/ structures in all other districts
- Combined Guest Cottages with **Accessory Dwelling Units** (ADUs)
- ADUs do not count for density purposes
- Clarified standards for accessory structures in RV parks
- Added standards for swimming pool enclosures
- Added provision for yard/garage sales (3-day in 30-day period)
- Cleaned up alcoholic beverage section
- Revised RV park section.

MAJOR CHANGES — Art. VI

ARTICLE VI. ACCESS, CIRCULATION, AND PARKING

Contents:

Division 1. Roadway Standards
Division 2. On-site Traffic Circulation, Parking, and Loading

Major Changes

- Clarified requirement for a **traffic impact analysis** for both major and minor development
- Updated references to the County's Engineering Standards Manual and eliminated references to FDOT's Green Book
- Reduced the size of grass parking spaces (12x24 to standard)
- Added provision regarding parking of commercial vehicles in residential neighborhoods.
- Added standard for minimum drive-through lane stacking (5 spaces) regardless of use.

MAJOR CHANGES

Art. VI

Table VI - ~~4TABLE 13-520A:~~ PARKING REQUIREMENTS

Specific Use	Required Parking Spaces
Residential	
• Group home, ~~ACLF~~Assisted Living Facility (ALF), or nursing home	1 per 4 beds
• Hotel or motel	1.1 per sleeping room or rental unit
• Single-family residential (attached or detached)	2 per dwelling unit
• Multifamily	1.5 space per dwelling unit, plus 1 space per 4 units
Commercial	
• Auction house	2 per 100 square feet of gross leasable area
• ~~Bank~~Financial institutions	1 per 200 sq. ft. of floor area plus stacking lane requirements
• Bowling alley	4 spaces per lane
• Vocational school	1 per 500 sq. ft. of floor area plus 0.8 spaces per student stations
• Gas station ~~or~~ convenience store	1 per 200 sq. ft.
• Commercial, shopping centers or general retail independently located	1 per 250 sq. ft. of gross leasable area
• Flea market, open or closed	1 per 100 sq. ft. of gross leasable area
• Golf driving range	1 space per tee
• Movie theaters	1 space per 3 seats
• Offices, medical and dental clinics, veterinary clinics, professional offices	1 per 250 sq. ft. of gross floor area
• Restaurant, bar, cocktail, lounge, or fast food	1 per 125 sq. ft. of gross leasable area, or 1 per 2.5 seats, whichever is greater, plus stacking lane requirements
• Vehicle repair service/shop	3 per repair bay
• Warehousing, distribution, research and testing construction and contractor's yards, storage	1 per 1,000 sq. ft. of gross floor area for the first 20,000 sq. ft., and 1 per 2,000 sq. ft. of gross floor area in excess of 20,000 sq. ft.
• Industrial use, manufacturing	1 per 750 sq. ft of gross floor area devoted to manufacturing
• Warehousing—Mini storage	5 spaces, if office is provided
Public, Institutional	
• House of worship or place of assembly	1 per 3 sanctuary or auditorium seats, plus 1 space per 100 sq. ft. of area devoted to public assembly without seats
• Government office serving the public	1 per 100 sq. ft. of gross leasable area
• Public/Institutional use	To be determined by specific occupancy
• Private non-profit civic or social club and recreation centers	1 per 3 principal meeting room seats plus 1 space per 100 sq. ft. of area devoted to public assembly without seats
• Postal station	1 per 100 sq. ft. of gross leasable area

* When determination of the number of parking spaces required by this table results in a requirement of a fractional space, any fraction of one-half (½) or less may be disregarded, while a fraction in excess of one-half (½) shall be counted as one (1) parking space.

Parking Angle (degrees)	Width (feet)	Length Perpendicular to Aisle (feet)	Curb Length Parallel to Aisle (feet)	Aisle Width One-Way Traffic (feet)	Aisle Width Two-Way Traffic (feet)
0	9	10	22	13	19
30	10	21	18	12	20
45	10	21	14	13	21
60	10	22	11	18	23
90	10	20	10	24	24

MAJOR CHANGES

Art. VII

ARTICLE VII. DEVELOPMENT, DESIGN, AND UTILITIES

Contents:

Division 1. Subdivision Standards
Division 2. Utilities Standards
Division 3. Drainage and Stormwater Management Standards
Division 4. Safety and Nuisance Standards

Major Changes

- Provides standards for **Flag Lots**
- Clarified requirements for access easements for non-platted sites
- Incorporates standards for Conservation subdivisions (density bonus) to implement Comprehensive Plan directives (moving away from point system)
- Simplified language requiring that PUDs, RV parks, and individual RV sites be served by a central water and sewer system
- Provides standards for rural fire protection (areas outside service area of pressurized source)
- Added subsection prohibiting illicit discharge into stormwater system

MAJOR CHANGES — Art. VIII

ARTICLE VIII. LANDSCAPING STANDARDS

Contents:

Section 13-800. Tree Protection
Section 13-801. Landscaping Standards
Section 13-802. Buffer Standards

Major Changes

- Moved definitions to Art. II.
- Requires light pole placement to avoid interfering with trees in landscape islands
- Provides a 5-foot-wide landscape strip along the property line abutting another site
- New, simplified table of Required Buffers

MAJOR CHANGES — Art. VIII
